

12 November 2007

Dear Gordon, Ian and members of Glenavon Football Club

On behalf of the Trustees of Rock Ministries (NI) Trust, we would like to thank you for the opportunity which you provided for the Mwamba Choir to sing at Glenavon Football Club grounds recently.

We would also like to thank you very much for the generous contribution of £430.62 which we received as a result of the collection which was taken up at the match. As you may remember, the money collected during the tour will all be used to support the Children's Home and to purchase land so that Rock Children's Family can be moved out of Kampala to a green field site. Here the children who live in the home, plus many others under the care of Rock Children's Family, can have their own schools, vocational training facilities and also grow their own crops as a move towards self sufficiency.

The Mwamba Choir thoroughly enjoyed their visit to Glenavon Football Club and this was one of the highlights of their tour. It was a real treat for them to be at a football match and is an occasion which they will remember for a very long time. The fleece jackets which they received were a real blessing and they have been proudly wearing them ever since. The fact that they have their names printed on the fleeces has been a real bonus as they can find their own quickly and without any problem! This was a timely gift as the weather has turned colder in the last few weeks. The children (and adults!) enjoyed the hospitality which they received and they have many photographs to remind them of their special day out at Glenavon.

Please convey our thanks to everyone who contributed in any way to make the Choir's visit to Glenavon Football Club such a memorable occasion. Please thank all concerned for their interest, generosity and support.

May we take this opportunity to wish you, your members, players and supporters well for the rest of the season. Every blessing also for the Christmas season and for 2008.

Yours sincerely

Ian and Phyllis Hasson
